REV. FR. O'REILLY WILL CELBRATE NEXT SUNDAY

On next Sunday, Rev. Father O'Reilly of St. Canice's church will have completed twenty five years of service in the priesthood.

nO the Feast of St. John the Baptist, June 24, 1903, Fr. O'Reilly took the solemn vows of ordination at All Hallows Seminary, Dublin, Ireland, and a few weeks later the newly ordained worker in the Lord's vineyard sailed for America, coming directly from New York to California where he was assigned by Bishop Grace to the parish of Colusa, beginnning his labors there as curate in September, 1903.

In October, 1907, Father O'Reilly was appointed pastor of the Sierra City church and its parish which extends to Forest City. For four succeeding years he remained in the mountain town and then came to Nevada Sity in October, 1911.

The silver jubilee of the reverend father promises to be an occasion of rejoicing and felicitation among his many friends here and in the mountain towns.

JULY FOURTH IS TO BE OBSERVED FITTING MANNER

Nevada City is getting all set to stage a real Fourth of July celebration and the various committees are now functioning in a way to put on an affair that will measure up to the efforts of previous years. The parade will be made the big feautre and the float committee headed by E. J. Kilroy is expecting some spectacular features in his division.

The meeting held early last week proved to draw a room full of citizens who entered enthusiastically into the spirit of the celebration and promised to work together to make it a big success. The parade will be built around the industrial features which have been prominent in Nevada City's life so many years and particularly mining. Ponemah Council, Degree of Pocahontas, volunteered to do its bit in putting the celebration over and will take charge of the preceding evening's festivities on the 3rd. Some members of the Woman's Improvement Club were in favor of making it a clean-up day instead of a celebration, but they dropped this idea and will participate in the parade, probably with a float. Both the Native Sons and Native Daughters pledged their assistance.

The finance committe made the rounds of the business district Friday and found a ready willingness to underwrite the celebration and around $500 was raised in a few hours with many yet to be seen.

The committees are as follows:

Parade—Frank Davies, E. J. Kilroy, Mrs. C. W. Leiter, Woman's Club.

Finance—V. V. Foley, E. W. Schreiber and A. A. Willoughby.

Invitation—Miles D. Coughlin.

Literary—Judge Ragland Tuttle, R. A. Eddy, A. M. Holmes, R. J. Bennetts, H. L. Englebright.

Music—Horace Curnow, Dick Rodda, E. J. Kilroy.

Sports—E. J. Baker.

Publicity—J. W. O'Neill, A. A. Willoughby, G. W. Gildersleeve.

July 3rd Chairman—Elma Hecker.

EDITORS GETTING TOO WORD FREE IT SEEMS

It begins to look as if either the editors up in this section of the state will have to buckle on their artillery to defend their views or get in good trim for taking to the tall and uncut if any more politicians get to stirring around. One of the directors of the irrigation district started the ball rolling when he made some threats about The Nugget but it has remained for Editor H. S. Tibbey of the Mountain Messenger of Downieville to face a knife, possible gun play and then a poorly directed kick last week in his controversy with Supervisor W. E. Miller of Sierra county.

Here is his description of the fracas:—

In a somewhat hectic conversation with Bert Miller, supervisor from the fifth district, last Monday, that gentleman told the writer that he "had bought gum boots for his road men every year since he had been supervisor," that it was lawful to do so and that he intended to buy boots for his road employees whenever he wanted. At the beginning of the pleasantry Miller pulled his knife, thought better of using it and put it back in his pocket. He afterward reached for his gun, as at that time he had a permit to carry such a weapon, did not pull this either, but tried the jackass act (a kick) which did not connect. About this time Sheriff Bynon appeared on the scene and the bloodless battle ceased. The permit to carry a pistol was given Miller by Sheriff Bynon on the recommendation of District Attorney Neville some two weeks ago, but after the Sheriff witnessed Miller's rabid conduct he promptly demanded that Miller return the permit, which was done.

Mrs. W. A. Fisher of Hercules is the guest of her daughter, Mrs. J. B. Young. Mrs. Fisher although 89 years of age is enjoying good health.

George Coughlan of Auburn was a weekend visitor here with his parents, Mrs. and Mrs. W. Coughlan.

NID CAUSES SHUT DOWN OF ARCTIC MINE PAST WEEK

Mining operations at the Arctic property above Washington were suspended last week when the Nevada Irrigation District cut off the supply of water which has been going down Canyon Creek, for its diversion into Lake Spaulding. The mining company which has been endeavoring to effect a compromise over the water in question so that it could obtain a sufficient supply to operate its fine power plant, have been unavailing and the matter will now likely be thrshed out in the courts.

Operation sat the mine were proceding in fine shape with the picking up of high rgade ore in its development work, but without the use of its hydro electric plant, it is unable to continue. The company is making no statements as to its future course of action but it is understood that it is prepared to make a strong stand for its vested rights.

EVAGELINE CHAPTER TO CELEBRATE BIRTHDAY

Evangeline Chapter, No. 9, Order of the Eastern Star, will celebrate its fifty fifth birthday tomorrow Tuesday evening with an interesting program. Smartsville Chapter will be guests of the local chapter that evening. The initiatory work will be put on and a short program of musical selections rendered. Refreshments will be served. A number of visitors from Smartsville are expected on that occasion.

DEVELOPMENT OF THE MONTROSE UNDER WAY

The Montrose Mining & Development Company of Downieville is getting under way nicely with its program of opening up its properties situated on the South Fork of the North Yuba river, three miles north of Downieville.

Cabins are being built and ditches started for the commencement of hydraulic mining operations. Tere are 500 miner's inches available in Van Joan creek for hydraulicking and it is expected to operate at least eleven months of the year when the property is fully under way.

C. L. Davison is secretary and treasurer of the company and is in charge of operations.

TOMBOY CUTS INTO A SIXTEEN FOOT LEDGE

A ledge carrying good values and showing a width of twelve feet between walls was cut into the past week at the Tomboy mining property near Forest, according to R. D. Norris, who was a Nevada City visitor Saturday. The vein was picked up on the footwall side and is lying rather flat. The new vein which was picked up while running a drift, will be followed for a ways to determine its extent.

DEBRIS OFFICIALS CHECK HYDRAULIC OPERATERS

Three prominent officials of the California Debris Commission were in town Friday evening on their way home from a trip to visit some of the hydraulic mines around Sierra City. They were E. A. Brule, secty. of the Commission; R. L. Engenhoff field director; and U. R. Gilroy, engineer. The Pride and the Hilda were the main mines visited. The Indian Hill property is cleaning up and the bedrock is being cleaned at the Depot Hill owned by Fred Joubert. The Little Nugget is still working.

The short water season this year has caused considerable curtailment of operations this summer.

Thomas Riddle and family are entertaining his sister, Mrs. and Mrs. J. E. Streif and daughter, Josophine, of Oakland.

The many friends of Mrs. William Clemo will be pleased to learn that she is improving from her recent illness. Her husband came up from Oakland Monday to visit with her.

Miss Florence Hatcher of North Columbia visited here Friday.

LAWSUITS PILING UP FOR DISTRICT AT GGREAT RATE

The Wisker regime in the affairs of the Nevada Irrigation District is rapidly riding to a fall despite the frantic efforts of some of the officials of the County Farm Bureau to stave the denouement. The plan to have the Farm Bureau conduct a straw ballot to determine as to whether the management shall be permitted to continue longer on the job is not meeting with the wide spread commendation that its sponsors had fondly hoped for it.

From present appearances there are but two faithful ones on the board of directors who still wish to do their master's bidding and are willing to sink with the ship. Chairman J .A. Teagarden has not fallen in with the idea advanced by the management to submit his resignation and he with Directors Schwartz and Mulcahey have not given their assent to the plan. Mr. Teagarden is receiving many commendations from over the District for his commencing to shake off the Wisker grip on the affairs of the District. His action on Friday in squelching the manager's verbosity showed his mettle.

The Farm Bureau is standing alone among the organizations of Nevada and Placer counties in wishing to continue the Wisker administration and to its influence may yet be charged the wrecking of the district and the confiscation of the farmer's lands, if a change in management is not speedily effected.

Things are happening with such rapidity that it is difficult to keep up with the march of events. The suit instituted by the District against the Pacific Gas and Electric Company and other property owners along the Bear River the past week may have far reaching consequences. The power company is prepared to fight for its interests. The District has not yet served any papers on the defendants, according to our information. The contractor on the Milton tunnel is reported to have a bill around $325,000 unpaid. The contractors on the Deer Creek ditch are not yet paid off, it is understood. The Chris Hansen lawsuit for over $100,000 for alleged flooding of his claims at Lake Bowman, other pending suits, the claim of the Government for expensive repairs to the Emigrant Gap to Bowman road, and the Placer county exclusion proceedings, would be enough to chill the heart of any but the alligator-hided partisans of of the present management. With no bidders for the outlaw bonds and no immediate prospects of raising ready cash to stave off the financial crisis will be the deciding factor to throw the present management overboard at an early date to save the District and prevent its collapse. The Farm Bureau in its asinine actions is only prolonging the agony.

Mr. and Mrs. E. V. Cook of Oakland are here to spend their vacation with Mrs. Cook's parents, Mr. and Mrs. J. B. Young.

Mr. and Mrs. Homer Gould of Downieville were business visitors here Tuesday.

After a short visit here with relatives, Delbert Colman has returned to his home at Colterville.

Arrivals in this city Monday evening were Mr. and Mrs. John Solari, of Susanville. They are former residents and are here visiting his sister, Mrs. Pete Baraletti and husband.

Miss Lillian Duschechi, a 1928 high school graduate, is in San Jose.

Earl Raymond came down from Bowman's Dam Wednesday for a short business trip.

Principal Isensee and family left for Oregon and Washington, this week. They will spend their vacation visiting relatives in Portland and Seattle.

Sheriff Georfie R. Carter has been in Los Angeles several days the past week on official business. Former Deputy Sheriff J. B. Young assisted in the office while the shefiff was away.

Congressman Harry L. Englebright is home again after a short visit in San Francisco.

Joe O'Neill, Jr., who was hurt when a Forest Service truck tipped over near Bloomfield Thursday, is recovering from severe bruises and lacerations.

MINING ACTIVITY IN the districts tributary to Nevada City is decidedly on the increase and there seems every reason to believe that much of this activity will prove of a permanent character. There is little doubt as to the mining possibilities in the various districts and proper effort on the part of adaquately financed organizations possessing a personnel with a proper degree of mining experience is sure to lead to results of lasting benefit to the community. We have a wonderful County due to become increasingly a place of homes and our agricultural possibilities cannot be treated lightly, but above all we are a mining community in a mining country and it is activity in this important industry that is most apt to bring prosperity to our residents. A period of decided activity seems to be starting and there are many indications that this activity will broaden as time goes on. It is most noticeable in the outlying districts where conditions permit the opening of the mines with a lesser outlay of capital than in the deeper mining district close to home. It has started from a sincere desire on the part of mining men and investors to find legitimate properties on which to expend their capital and efforts and it is fostered by the fact that mine owners in general are more prone to permit reasonable terms on their properties. The spread of this activity is assured as rapidly as present operators get their work under way and the manifold possibilities of our adjacent territory are thus demonstrated. That it will result in a rapid growth of the mining industry in this section goes without saying for we know that our section possesses true merit.

THE RESCUE EULAH Mining Company, of which Mr. O. E. Schiffener is manager, is rapidly completing plans for a comprehensive dvelopment program on the Gaston Mine near Washington. Mr. Schiffiner intends to establish his home in Nevada City and is now engaged in moving his family from Nevada.

GORDON M. BETTLES of he Yellow Tiger Consolidated Mining Company has spent the past six weeks in Nevada City and adjacent territory. Mr. Beetles has moved to Nevada City to live and inetnds to make it his permanent home. Although not ready yet to announce the plans of himself and Company in a mining way, he is well satisfied with conditions as he finds them and assures the Nugget that his oraginzation will soon be operating in a substantial way.

THE ENTRY OF THESE TWO strong Nevada companies into the local field with their years of operating experience will mean much to this county in the next few years. It is a safe bet that Nevada County which is already far out in front in quartz mining production will within the next year or so climb into the frontrank of gold production in California. Yuba county with its large dredgers working at Hammonton has had that exalted rank for some years but its claim to leadership is now seriously threatened. Let everybody boost for our mines all the time and you will see the good old days back in Nevada County again.

Mr. T. Staples and son, Charles, took their cattle to Graniteville to their summed range.

Mr. and Mrs. Rich and two children and Mrs. R. McNamara were business visitors in Nevada City Thursday.

Mrs. May O'Connor and daughter, Alice, and son, Clem, of San Francisco are visiting Mr. and Mrs. W. H. Hustler of Columbia Hill. Mrs. O'Connor is a former resident here and likes to visit her old home town and few old friends that ar eleft.

Mr. and Mrs. Charlie Alpers and son, Carol, and daughter, Mrs. Young and two children, from Grass Valley were visiting friends rere Thursday evening.

Stanley Deal of Sacramento is visiting Mr. John Roth and friends here.

Father McGary of Colusa county is visiting friends in Columbia Hill.

Mrs. H. Seabury was dressing a chicken Wednesday evening and found a nice sized nugget in the chickens crop. Mr. John Curnow, owner of the chicken, thinks he will kill all his chickens off. If he could find a nice sized nugget in each chicken's crop.

The coyotes are quite plentiful over here and are causing the sheep men lots o trouble. It seems too bad that something can't be done to get rid of those pests.

The boys will no doubt be glad to water the lawn, if they are permitted to turn the garden hose on the kids from next door.

As the political campaign advances the interest felt by the politicians in our wives and children grows more intense.

NATIONAL FORESTS CLOSED TO THE SMOKING BRIGADE

Because of the fire danger, no smoking and shovel and ax orders have already been put into effect in a number of the national forests throughout the State. The present order extends these regulations to all government forests.

Failure to comply with these regulations is punishable under Federal laws with fine and imprisonment, or both, government law officers state.

Public attention is also called by forest officials to the State law which prohibits the throwing of burning, tobacco or other inflammable material from automobiles or other moving vehicles.

The Forest Service announces that camp fire permits will not be issued to any motorists or pack train parties planning a camping trip in the national forests who are not provided with a shovel and ax for fire fighting purposes.

"We are up against another bad fire year," said District Forester Show, "and the only way the Federal and State forestry officers can hope to successfully combat the fire menace is through strict enforcement and liberal public support of the regulations which the government finds it necessary to put into effect for the protection of the people's forests."

WATER ASSOCIATION HAS WELL ATTENDED MEET

FRENCH CORRAL, June 9 (Special to The Nugget..)—Well, Miss June has certainly introduced herself quite warmly. On every side we could hear "Gee, but it's hot!" For the past two days however a coolness has settled upon us for which we are glad.

Man yautos pass these days with campers off for their vacation.

French Corral has seen several visitors the past week.

J. Collier of Berkeley was a guest at J. W. Culver's hotel Friday and Saturday. Mr. Collier operated the Boss mine near Sweetland several years ago and he and his family resided in the town of Swetland at that time .

W. E. Moulton made a trip to Marysville Saturday. He was acompanied by Dr. A. J.Powell who is returning to his home in Oakland after spending several months in this placefi Dr. Powell expects to return in September. The ties of childhood and boyhood bind the doctor to the dear old Ridge and he says there is no better place on earth.

J. W. Culver and daughter Mrs. Earl Chatty and her little son Jack visited in Grass Valley Saturday.

Mr. and Mrs. Harold Osgood of Bangor were weekend visitors with her aunt, Mrs. W. E. Moulton of this place.

Mr. and Mrs. L. A. Day of Oakland are spending their vacation with the family of W. E. Moulton. Mr. Day has for years been an employe in the U. S. Mint at San Francisco. He and his wife think we have a wonderful climate here and are enjoying every minute of their stay.

Mrs. A. Browning and Mrs. De Prati made a trip to Nevada City on Saturday.

M. Denike of San Juan transacted busines sin French Corral Sunday.

The S. J. R. W. A. held their regular meeting Sunday afternoon. The meeting was well attended and much busines was transacted. Through our onw hard efforts, we are hopeful of water for part of the summer at least. Our chairman Mr. Sam McCullough reported trat add returns were not yet in but that he was satisfied that over hundred dollars would be turned into our treasury as a result of the double dance at North San Juan May 29th. Much credit is due Mr. McCullough and his splendid band of helpers for the fine manner in which they planned and handled the affair.

Many people from French Corral and along the Ridge attended the opening day of the Kneebone Resort at Bridgeport. All reported having a fine time.

Mrs. G. Mercedes and daughters Mrsfl. Eckhardt and Miss Emma Call of Fort Ross, Sonoma County, who are on their annual trip to Yosemite, dropped in at French Corral to call on their friends, Mr. and Mrs. De Prati. Mrs. De Prati gave us a very interesting acocunt of these people which we will add to our items.

Mrs. Mercedes who was the widow of the late George Call, owner of a large estate at Fort Ross where the old Russian fort isl ocated. Several years ago she and her family presented the old fort to our State of California. The state has at great expense repaired the old fort and hatried to prserve every piece of lumber thereon. even to patching the shingles with two or three pieces so that it might be said truthfully tha all the old lumber was preserved Every year on the 4th of July the famous Russian choir of San Francisco hold services in the old chapel. The coast highway now passes near and hundreds of autos pass every day

An incident will show the hospitable character of these people. When the Pomona went onto the rocks and was wrecked near this point, Mrs. Call cared for between ninety and a hundred of the passengers for several days. When the captain asked what was their indebtedness, she replied that no money was wanted but she would be pleased to accept the arch bearing the name of the vessel, Pomona, in letters of blue and gold. This was gladly done and has been placed over the gateway at the entrance to the Call estate, where their beautiful garden is situated.

Sargent Huson made a business trip to French Corral Tuesday in the interest of Calanan and Richards.

H. L. Bassett of Daly City visited W. E. Moulton Wednesday.

Mrs. H. F. Clymo and son Harold and Frank of Penicia are the guest of Mrs. W. E. Moulton of this place Mrs. Clymo and Mrs. Moulton are twin sisters and French Corral has always been their old home place

Mrs. and Mrs. F. S. Wood and little son Carl were Thursday visitors

Miss Louis Moulton has gone to Grass Valley to spend a few weegs with her sister Frances.

The Birchville and French Corral Water Users held a meeting at French Corral Thursday night to arrange a plan o fdistribution of irrigation water for the 1928 season.

Mrs. Catherine Brophy who passed away at Grass Valley this past week was a pioneer of the San Juan Ridge and most of her life was spent here hSe was beloved and respected by all She was the widow of the late Saul Bell, a cattleman who owned a large range near Cherokee and Lake City.

The many friends of the late Thomas Hogan lament his early demise and his family have the deepest symathy of all.

Mrs. J. L. Odgers who formerly lived in this community was the prize cake baker at the contest conducted by the Sacramento Bee recently.

Judge and Mrs. Raglan Tuttle went to Auburn Thursday evening and the Judge delivered the address at the graduation exercises of the Placer Union High School.

Rev. H. H. Buckner has gone to attend the Summer Institute at the Pacific School of Religion connected with the University of California. Rev. John Tefler will have charge of the local work in Rev. Buckner's absence.

Mrs. Charles Phelan and daughter, Cassie, of Chico attended the graduating exercises of the local high school and are now visiting with Mrs. Rundy and family.

Complaint is made that old fashioned political enthusiasm has gone. but the politicians were allowed to spend money in those days.

This is a very Human Organization
M. F. Duffy

The attitude of this bank towards the hundreds of men and women who are working for its advancement has been clearly stated in a recent radio address by W. F. Duffy, senior vice-president.

"This is a very human organization and we seek to develop our men We wish to bring out in each individual the best that is in him for his own good and for the good of the institution and we want every man connected with it to feel that he can legitimately aspire to the highest places

We believe that each employee at a branch of the United Security Bank & Trust Company, wherever situated, is as much a part of the institution as are those of the staff who are stationed at Los Angeles or San Francisco Each employee of a bank, in the discharge of his duties, helps to make the character of the bank as a whole"

The strength of this institution lies in the directors, executives and employees who are working for it. That the majority of them are also stockholders is proof positive of their faith in this bank

When you accept our sincere invitation to bank with us, you will know why this institution serves its customers so well.

Fifth: All rights which the party of the first part may own, have or possess, or which said "Prudential Gold Mining Co" may have, own or possess, in and to the use of the waters of Wolf Creek, on or across or adjacent to any of the property hereinbefore described.

Also all other property, including all mining grounds, lands and claims, including machinery, tools, fixtures and appurtenances owned by the party of the first part or in which it may have any right, title or interest and all property hereafter acquired, a partial list of said personal property is hereto annexed, marked Schedule A and hereby made a part hereof.

Sixth: Central Consolidated Quartz Lode Mining Claim, patented, designated by the surveyor General as Lot Number Eighty-eight (88), embracing a portion of Section Twenty-eight (28) Township Sixteen (16) North, Range Nine (9) East, Mount Diablo Meridian, in the Greenhorn Mining District and more particularly described in the patent thereto dated March 11, 1892, and recorded on June 27, 1892, in Book 3 of Patents at page 123, records of Nevada County, California, and found in the Recorder's Office of said County, to which patent and record reference is hereby specifically made for a more particular description thereof.

Seventh: All of that certain piece or parcel of mining ground situate in Section Twenty-one (21) Township Sixteen (16) North, Range Nine (9) East, Mount Diablo Meridian in Greenhorn Mining District, Nevada County California, described as follows:

Commencing at stake Number One (1) on the section line between Sections Twenty-one and Twenty-eight, five hundred and thirty one (531) feet westerly from the quarter section corner between said sections; thence easterly along said Section line six hundred and sixty-seven (667) feet to a stake marked Corner No. 2; thence North twenty-six (26) degrees thirty-five minutes (35′) West sixteen hundred and forty-five (1645′) feet to a stake marked Corner No. 3; thence South sixty-three degrees twenty-five minutes (63° 25′) West six hundred (600) feet to a stake marked Corner No. 4; thence South 26° 35′ East thirteen hundred and fifty-five (1355) feet to place of beginning, magnetic variation 18° 30′ East and containing twenty and sixty-six hundredths acres more or less.

Also the right to follow down on their dips and angles under the adjoining ground hereto all veins and lodes of quartz bearing gold or silver, the apex of which drop out o underlie the ground herein described, and to mine the same.

Also the right of way for a ditch or aqueduct through and over the land of W. H. Jennings from the reservoir of the South Yuba Water Company to the mining ground above described, said ditch not to have a greater capacity than that of flowing two hundred inches of water miners measure, the said right of way being identical with that conveyed by W. H. Jennings to George D. McLean and by said George D. McLean, through mesne conveyances, said conveyances being subject to certain reservations contained in said deeds above referred to. Said parcel No. 2 or Second being the same property described in a deed from said George D. McLean to the grantor of the Central Consolidated Mining Company, a corporation, dated December 29 1896, and recorded on January 25th, 1897, in Book 88 of Deeds at page 231, records of Nevada County, California, to be found in the Recorder's office of said County and to which deed and record reference is hereby specifically made.

Eighth: All and singular the minerals, ores, mineral bearing gravel, rock and earth lying and being within all that portion of the Southwest quarter of Section fifteen, Township Sixteen North, Range Nine East. M. D. M. lying westerly and northerly of the Banner Hill Road. All of the South East Quarter of Section Sixteen (16): the North half, the East half of the South West quarter and the West half of the South east quarter of Section twenty-one, all in the Township Sixteen (16) North, Range Nine (9) East aforesaid: also that portion of the North West quarter of Section Twenty eight, Township Sixteen North, Range Nine East. M. D. M. known as the McDonald purchase, and dated February 8, 1909.

Nineth: All and singular the Assisi Quartz Lode Mining Claim, designated on the United States Official Plats and Surveys as Lot No. Eighty-nine (89) in Section Twenty-eight (28) Township Sixteen (16) North, Range Nine (9) East, Mount Diablo Base and Meridian, as described in the United States Patent therefor, issued to S. B. Fowler, and which is of record in the office of the Country Recorder of Nevada County, California, which is expressly referred to and made a part hereof for a more particular description on said premises; also the Dailey Quartz Mine situate in Section Twenty-eight (28) Township Sixteen (16) North, Range Nine (9) East, M. D. B. M.

Tenth: The North East quarter of the North East Quarter and Lots One and Two of Section Twenty-eight (28) in Township Sixteen (16) North, Range Nine (9) East, Mount Diablo Base and Meridian.

Eleventh: Lots Three and Four of Section Twenty-eight (28) Township Sixteen (16) North, Range Nine (9) East, Mount Diablo Base and Meridian, containing forty six and fifty-one hundredths (46.50) acres.

Twelfth: Quartz Mining Claim designated as Lot 56 in Section Sixteen (16) Township Sixteen (16) North, Range Nine (9) East, Mount Diablo Base and Meridian, containing 30 91-100 acres.

Thirteenth: Forty-five (45) acres of land in South half of the South West quarter of Section Sixteen (16), Township Sixteen (16) North, Range Nine (9) East, Mount Diablo Base and Meridian in which is included the Quartz Mining Claim known as the South Extension of the Banner Quartz Mine.

Together with all and singular the tenements, hereditaments and appurtenances thereunto belonging, and the rents, issues and profits thereof.

Public notice is hereby given that on Monday, the 25th day of June, 1928, at 10 o'clock A. GOLD MINING ACTIVE IN NEVADA AND SIERRA COUNTIES

There has been quite a revival in quartz mining in Nevada and Sierra counties during the past year and the industry is in a more flourishing condition than for many years, said A. A. Willoughby, editor and publisher of the Nevada City Nugget, who was in Reno Tuesday. In Grass Valley and Nevada City 200 stamps are dropping and two more mills, the New England and Murchie, are starting up at Nevada City. In Sierra county, around Alleghany, Downieville and Washington, a number of mines are being developed. The Rescue-Eula, a Nevada company, has started work on the Gaston mine and Gordon Bettles is sampling the adjoining Ancho mine for the Yellow Tiger Cons. Mining Co. The future for quartz mining, Willoughby declared, is very promising. The Nevada City Nugget has made a specialty of mining news and has done much to advance the rich section of California which it represents.—Nevada Mining Press.

Miss Mary Ruth Arbogast, who was recently operated on at the Nevada City Sanitarium for the removal of her tonsils has returned to her home at Blue Tent.

Charles Hegarty was in town from Snow Point mine Thursday visiting relatives and friends.

Mrs. P. Armstrong has as guests over the week-end the following, Major and Mrs. Jack Smith, Ellison and Jack Smith, Jr. of the Presidio at San Francisco.

Mrs. Annie Spellenberg of Sierra City, who has been visiting the Coughlan as North Bloomfield, is improving from a recent paralytic stroke.

Henry Ponticelli of Alleghany attended to business matters here

P. H. Hall of Birchville was a business visitor here one day last week.

Arrivals here recently were, Mrs. Anna Randall Poper and daughter, Bernice,. They were on their way from Oakland to Bryce's Canyon, Utah, and the Yellowstone Park. Mrs. Jessie Shaw accompanied them. They were quite pleased with our city and scenery. They are sister and niece of ex-Congressman Chas. H. Randall.

Mr. and Mrs. W. V. Tamblyn are entertaining their daughter, Mrs. E. V. Huntley of Loyalton.

It will be good news to the many friends of Robert Steger, Jr., that he is improving from his operation for appendicitis in the Oakland hospital.

Perhaps one reason why the American people are not so interested in political oratory now, is that they get considerable oratory from the traffic cops.

A school or college diploma is a fine thing, yet it is not so much a ticket to success on which you can ride free, as a pass to the race track where you get a chance to compete with the best.

GROVER C. HALL, EDITOR OF THE MONTGOMERY, (ALABAMA) ADVERTISER, SAYS:

THAT the best advertisement pleases our senses. I was in Havana, Cuba recently. It is the most beautifulc ity in the western hemisphere. It is the cleanest city on earth. Among the many impressive spectacles there are the automobiles. I saw thousands of them of all makes and all ages, but not one looked dingy or old. Most of them were painted in brighter colors than the common run of our cars. All of them were polished. Havana cars shine like new dollars. I saw an antique Chevrolet with holes in its battered mud guards, yet it shined like an Oklahoma bank clerk's shoes on Sunday morning at a Baraca meeting. Brightness, brightness everywhere! No dust, no mud on any car in Havana!

I asked if a city ordinance compelled owners to keep their cars in this condition, and was assured that such was not the case. "Our people just naturally take a pride in seeing how pretty they can make their cars", said a Cuban.

WE—THAT IS, MEMBERS OF THE ALHAMBRA PRESS ASSOCIATION— WER DELIGHTED WITH THIS EVIDENCE OF DEVOTION TO BRIGHTNESS AND CLEANLINESS.

N. R. Powley is "home". A former" San Franciscan with a record for constructive achievement in Coast telephone matters, he has returned tot his part of the state with new and enlarged responsibilities—those of vice president in charge of operations of the Pacific Telephone and Telegraph Company. He will be in charge of operations of all the Bell companies of the Pacific Coast and bordering states, serving directly under President H. D. Pillsbury at San Francisco.

Mr. Powley brings to this new post a keen appreciation of the telephone needs of central and northern California. He was with the Bay division from 1912 until 1919. During the nine years of absence he has risen through the positions of commercial superintendent, division superintendent and general manager in other districts. A close knowledge of the telephone business and a close sympathy, also, for the public's viewpoint are brought to his new responsible post.

The American people need more sleep, but it is not necesssary for them to get it in church.

FROM OUR READERS

GRAND STAND STUFF

Editor The Nugget—

Mr. Wisker has reached the stage where he seemingly can't do just what he wants to do—in other words he is losing his dominating grip on his board of directors because Tom Mulcahey and Ted Schwartz are the two bad boys of the class who have been making faces at their teacher and doing other tantalizing things and Mr. Wisker wants to have them expelled from school and get two nice quiet boys—dumbbells preferred—to take their places. Or, how would it do to have a couple of girls on the board? They could be told where to head in and perhaps would obey more meekly, that is, if they were good girls.

The farm bureau's manifesto of last week was a real gem of unconscious humor and the committee who drew it couldn't have done better if Mr. Wisker himself had written it, because it expressed his sentiments right to a "T." But then his being at the meeting might have had something to do with it.

And the worst of it is, the bureau's suspected gang of wreckers are said to be "town residents" and a town resident, in the farm bureau's dictionary is an outlander who has no business expressing an opinion even though he pays taxes to help maintain the farm bureau, and just because he can't vote even if he may own more land in the District than the whole of the committee who drew up these resolution, put together.

Just who and what is the farm bureau and how much of the actual population of the county do they represent? They talk as if they would be the only ones to suffer in case of a collapse of the District, but there is a very large number of the landholders and tax payers of the District who do not belong to the farm bureau and who do not agree with their fawning sentiment. Not only this, but as far as actual acreage within the District is concerned,—there were some 115,000 acres out of 208,000 acres, if our memory serves us correctly, whose owners did not desire to go into the district in the first place.

The failure of the district will affect every man, woman and child in Nevada County. t will increased taxes for alll of us. It spells danger for all mining properties which have not been fortunate enough to be excluded.

Here is what will happen if the landholders become responsible for the bonded indebtedness: The first year, naturally, the poorest lands will forfeit, become delinquent and be sold to the district. The following year the delinquency on the forfeited lands places an increased tax burden on the remaining lands. and the next poorer class drops into the ownership of the district without the realization of any money. This increase on the remaining property, which is naturally the best property finally results in the highest valued lands having to carry the whole burden of the district's indebtedness. This may explain to some o fthe wise-headed members of the farm bureau leaders one of the reasons why some o fthe so-alled wrecking crew, who are not farmers, are finding fault with the reckles sand foolhardy manner in which the construction and affairs of this irrigation district have apparently been administered.

Mr. Wisker is using the syringe again on the supposedly defunct P-ED and a faint stir of life is evident. He is going to whisper in its ear and ask it if it will not enter into a new power contract with the district. Needles to say, we shall witness the miracle of immediate recovery of the corpse to full life and receptiveness with the resultant mess that we had just thought we were rid of, the sure outlook of no relief from Washington on the right of way as long as this barnacle is attached to the district, and the certainty that no one else will ever attempt to pull the district from the mire as long as it is tied up with any such bad company.

Above all can be heard the clanking of the manger's chain—no we don't mean that he is any way manacled—it's the chain attached to his resignation which ,together with two of his faithful directors, has been cast into the sea of public opinion, but there are good, stout anchors on all of them. It is really ludicrous, this horse play.

In Conservation and Beautification

You not only cash in on the rise in building values by protecting your property against the elements, but also get the satisfaction of living in a well painted home.

Patton's Sun Proof Paint pays bigger dividends because you can expect more of it than the standard set by paint experts for the better grade of modern paint; it does not chalk, peel, scale or flake and is above standard in covering capacity.

THREE FAMILY MEMBERS CELEBRATE BIRTHDAYS

FRENCH CORRAL, June 16 (Special to The Nugget)—Her ewe are, halfway through June and such freaky weather. One would think the seasons misplaced, so cold are the nights and mornings. With the "parlor stove" off for its summer vacation, the faithful old kitchen stove must do double service. But oh! the luxury of good things in the way of early peaches, June apples, cherries, apricots and berries galore! Yum! Yum! Yes, it's June!

Last Sunday was celebrated in the family of W. E. Moulton by a birthday party, the occasion being the birthday of three members of the family, Mr. and Mrs. Moulton and Mrs. Moulton's sister, Mrs. Hl C.ymo of Benicia. Mrs. Clymo is over on an extended visit with her sister. Many members of the family and a few intimate friends formed the party.

Mr. and Mrs. Harold Osgood of Bangor were guests of Mrs. Osgoods aunt, Mrs. W. E. Moulton Sunday.

Mr. and Mrs. F. S. Wood and baby Carl of Sweetland were Sunday visitors at the home of Mrs. K. Sullivan.

Mrs. K. Broyles and daughter Mrs. Gabour of Sacramento were Sunday visitors at their old home in French Corral.

A meeting of the Birchville and French Corral Water Users was held at the French Corral school house on Monday evening. A new plan of distribution of irrigating water kas adopted. A. Browning has been elected water supervisor for Pine Grove district.

H. C. Peterson, curator at Sutters Fort, was a hotel guest of J. W. Culver Tuesday. Mr. Peterson is very much interested in historical information of our Nevada County and in the collection of early day relics. All who can assisth im in this line should be glad to do so as our wonderful county should have a prominent place in California history.

Buzz Calanan called on friends on Tuesday when enroute to the foothills to bring up some cattle.

The smooth top on the new Gas Range keeps cooking utensils clean

When you are in your kitchen you put on an apron, even if your kitchen is spotlessly clean.

Gas is a clean fuel. However, a smooth top is built into the new Gas Range to give you added cleanliness.

The smooth top protects the gas burners from food that would otherwise boil over onto the burners. For clean burners mean clean heat. The smooth top distributes heat evenly and one burner keeps several vessels boiling. It sends products of combustion up the flue.

See the new Gas Range with the smooth top built into the range for added cleanliness. Enjoy this range's fine cooking.
